Sterillium®

In safe hands.

Image AI-generated

More versatile than ever before – Sterillium® pure

Sterillium® pure combines highly effective hand disinfection with a dermatologically optimised formula. It is specially developed for a wide range of demanding environments, including hospitals, nursing facilities and day-care centres.

Thanks to its very good skin compatibility, the product is also suitable for people with allergies and those with sensitive skin, as confirmed by the independent ECARF Institute.

The most trusted and popular brand in hospitals¹

Hand disinfection couldn't be more popular

Without compromising on efficacy, Sterillium® pure is highly valued for its skin hydration. This encourages frequent use.

- + Broad spectrum of efficacy
- + Up to 57% more skin hydration²
- + ECARF-certified
- + Colourant- and fragrance-free

Efficacy that feels really good

With its broad spectrum of efficacy, Sterillium® pure is widely regarded as the perfect solution for infection control and can be used in all hygiene-critical areas.

Your benefits

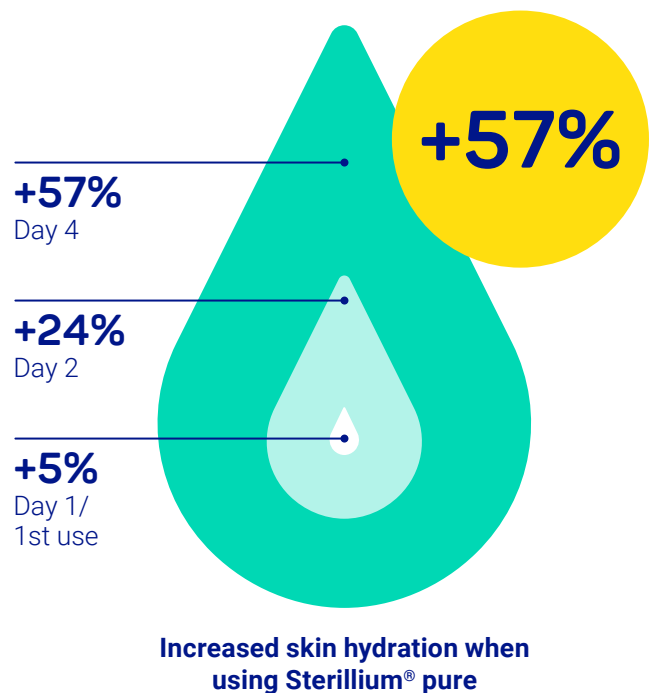

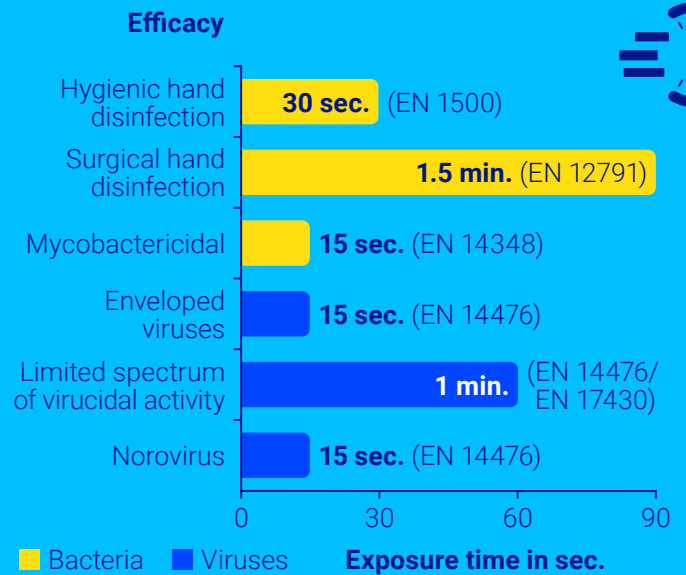

- + Limited spectrum of virucidal activity
- + Year-round use
- + Norovirus efficacy in just 15 seconds

The 4-day test² shows:

Sterillium® pure significantly increases skin hydration with every use.

Your benefits

- + Helps prevent skin dryness during the workday
- + Reduces the need for additional skincare products
- + Improves compliance with hand hygiene

Sterillium® pure is the ECARF-certified hand disinfectant that combines broad-spectrum efficacy with very good skin compatibility – for greater safety in every setting.

Sterillium® pure ECARF-certified liquid hand disinfectant
